Sale tags print out on 1" x 2-1/2" inch mailing labels (30/page)

After all your sold items are recorded by the sale boss, print your tags again on regular paper. Since only the unsold items print out, you can use the list for tax purposes if you donate the unsold items to charity.

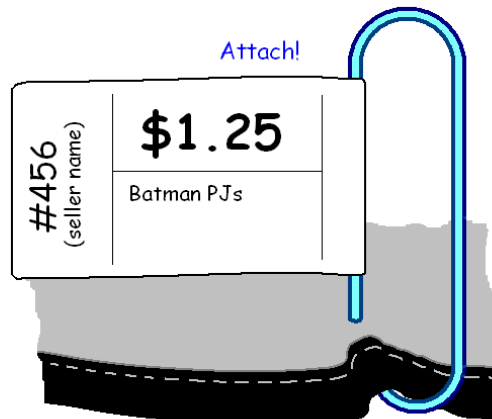

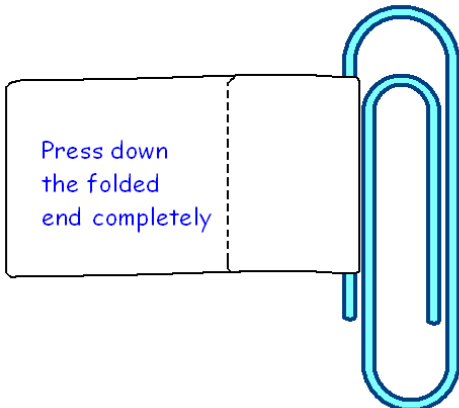

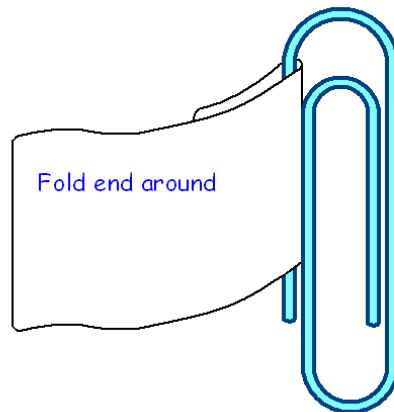

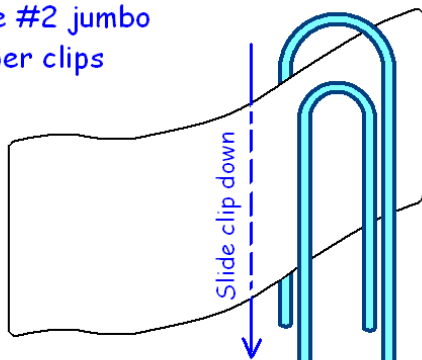

You can use jumbo (#2) paper clips to attach tags to clothing or fabric. It's cheap, fast, and very secure. The ends of clip act like little barbs on either side and make it nearly impossible for the tag to fall off.

If you are keeping the tags when your items sell, it is a lot easier to just rip the tag from the clip than trying to get the clip off.

The tag number appears on both ends of the tag just in case you want to use the tear off option.

Use #2 jumbo paper clips
